Some gear, such as ankle-fit hip boots, and/or sleeping bags, we suggest buying once you get to Alaska.

IMPORTANT! We have a weight limit of 65 lbs. for one hunter's gear. Anything extra will cause a significant increase in the cost of any charter flights you may have. We suggest bringing only one gun and leaving hard cases in town. You can pick it up when you return from camp. If you need more information on gear please feel free to call.
